

# i.am™ 600 and 850

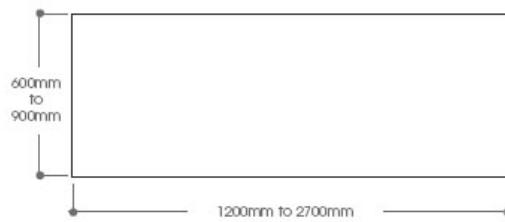

600 foot

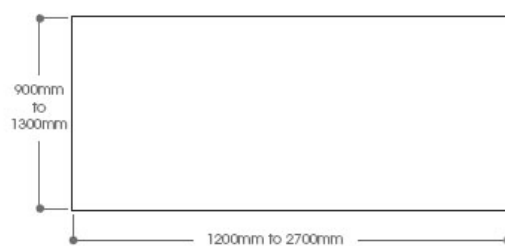

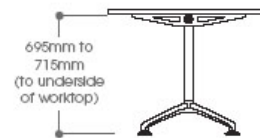

850 foot

i.am™ 600 and 850 use an adjustable beam design - meaning the legs can be positioned along the beam to either increase or decrease the length of the base.

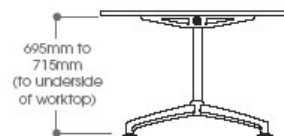

## technical details

# i.am™ 4 and 5 star

i.am™ will accommodate circular and oval table tops using matching components that are used for desks and tables. This allows for uniformity throughout the work environment and complete flexibility of design.

## technical details

# i.am™ 4 star multi-leg

For larger circular and oval table tops i.am™ comes in a multi-leg base. Large table tops with diameters up to 2100mm can be accommodated. The multi-leg options help complete the i.am™ family of product options for the commercial environment.
