

# Spark Ergonomic Chair

## Spark

The Spark is a next-generation ergonomic task chair engineered to deliver all-day comfort, advanced adjustability, and contemporary styling. Designed for modern workspaces, the chair combines refined aesthetics with intelligent ergonomic performance to support users through extended periods of seated work.

With a sculpted backrest, supportive seat cushioning, and multiple personalised adjustment points, the chair adapts to a wide range of body shapes and working styles. Its smooth, contoured frame and premium upholstery finish give it a professional presence suitable for offices, studios, healthcare settings, education environments, and home workstations.

The chair's ergonomic features help promote natural posture, reduced fatigue, and healthy day-to-day movement, ensuring comfort that lasts from the first hour to the last.
