

# Roma

## Roma

For folks who enjoy a little extra padding, the **Roma** Ergonomic chair features a moulded foam comfortable seat and back. The seat slide allows for additional adjustability, offering more legroom to enhance comfort. The variety of adjustments creates a customised ergonomic seating experience, with the option to add arms for extra shoulder support. The SafeTex Anti-Bacterial upholstery contains a surface inhospitable to key bacteria and mould, making this a weapon against staining, unpleasant and premature degradation.
