

MARTIN HIGHBACK

Martin Highback

The **Martin Highback** is a refined lounge seating solution designed for comfort, privacy, and contemporary interiors. Featuring a supportive high back and integrated side panels, it creates a semi-enclosed seating experience ideal for reception areas, breakout spaces, and collaborative zones.

Upholstered in a smooth, tailored finish, it offers generous cushioning across the seat and backrest for relaxed, informal seating. Slim timber legs elevate the design, adding warmth and contrast while maintaining a clean, modern profile.

Well suited to commercial environments, the Martin Highback balances visual presence with practical comfort, making it an ideal choice for offices, waiting areas, and hospitality settings.
