

Penny Task Range

Penny Task Range

The **Penny Task Chair** is designed to provide lasting comfort and support during extended periods at the workstation. With a wide range of customisable features available, including an Ergo-sit seat cushion, seat slide, and height-adjustable arms, each chair can be tailored to suit individual user requirements and preferences. Ease of adjustment is a key feature of the Penny range, with controls that can be conveniently operated from a seated position. This makes it particularly well-suited to shared or dynamic work environments, where multiple users or varying tasks require quick and simple adjustments to maintain the correct seating posture.
