

Milan

Milan

Designed with soft curves and a compact, welcoming form, the **Milan** offers a refined balance between comfort and structure. The gently wrapped back and arms create a supportive seating experience while maintaining a neat, uncluttered profile. Upholstered throughout for a cohesive finish, the Milan is elevated on solid timber legs that introduce warmth and visual contrast to the design. Its considered proportions make it well suited to lounges, reception areas, bedrooms, and collaborative spaces where relaxed seating is required without overwhelming the room. Timeless in character and versatile in use, this chair delivers everyday comfort with an approachable, modern aesthetic.
