

Easy Recliner

Health & Aged Care

Easy Recliner

The **Easy Recliner** is designed to provide exceptional comfort and support in healthcare, aged care, and patient recovery environments. Combining a welcoming aesthetic with practical functionality, it offers a comfortable seating experience that promotes relaxation and wellbeing throughout extended periods of use. Its thoughtful design makes it ideally suited to patient rooms, recovery areas, day treatment centres, aged care facilities, and other care-focused settings where comfort and ease of use are essential. Balancing durability, functionality, and occupant comfort, the Easy Recliner is an ideal choice for healthcare providers seeking seating that enhances the patient experience while meeting the practical demands of everyday care environments.

Features:

- Superbly balanced push arm reclining action
- Fixed seat & back cushion
- Non marking hospital grade static front & lockable rear swivel castor
- Reclining mechanism for patient use or for patient transfer
- Mobility back handles for staff use

Special Notes:

- If fitted, ensure the castors aren't locked before attempting to relocate the chair.
- This product is not designed to travel over gaps in floors such as at lift entrances.
- Do not allow people to sit on the backrest when in the reclined position as it will result in permanent damage to the mechanism.
- This product is not intended for use as a patient transfer system.

Sizing options / Dimensions (mm):

- ERLNG1: 750 W x 1110 H x 930 D

Upholstery Options:

- Sturdy Framac provides a versatile selection of upholstery finishes, including fabric and vinyl, designed to meet a variety of functional and aesthetic requirements. Seating can be supplied with a padded and upholstered seat, or fully upholstered with both seat and back. For further information, contact our sales team.

Sturdy Framac pursue a policy of continuous improvement and reserve the right to introduce modification when required and to withdraw models without previous notification.
