

Galaxy Beam

Galaxy Beam

The **Galaxy Beam** has been thoughtfully designed for modern commercial environments, offering more than just seating. Featuring upholstered seats and supportive backrests paired with sculptural metal arms and a robust beam structure, Galaxy combines everyday comfort with a crisp, contemporary aesthetic suitable for high-traffic spaces. The Galaxy Beam can be configured into banks of up to six seats. When specifying, please nominate the required bank size, selecting from 2, 3, 4, 5, or 6 seats per bank. Leg and arm options are specified per individual bank.

Arm options can only be paired with their corresponding leg configurations and must be applied consistently within the same bank. Mixing different leg or arm options across a single bank is not available.

Seat Dimensions (mm):

- 520 W x 490D x 720H per seat
