

Maya

Maya

Designed for commercial environments, the **Maya** combines durability, comfort, and contemporary styling in a lightweight, practical design. Manufactured from glass fibre reinforced polypropylene, it is built to withstand the demands of both indoor and outdoor use while maintaining its appearance and performance over time. With its stackable construction and low-maintenance materials, the Maya Chair is an ideal seating solution for cafés, restaurants, hospitality venues, aged care facilities, schools, and outdoor dining spaces.

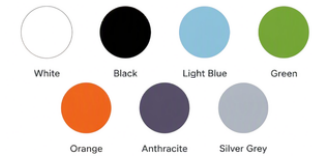

Features:

- Durable polypropylene construction reinforced with glass fibre
- UV-stabilised to resist fading and discolouration
- Weather-resistant for indoor and outdoor use
- Lightweight yet strong design with a 150kg safe working load
- Stackable for efficient storage and space saving
- Suitable for commercial applications
- Replaceable feet for extended product life
- Recyclable at end of life
